

Come celebrate with us

Our newly expanded space

Merlin's Silver  
Star Studio

**W**e have moved the studio  
next door and renovated  
a bare bones space.

The new studio is three times  
the size and offers  
expanded areas for  
larger group gatherings,  
more work benches,  
and never ending creativity.  
Bright colors and whimsical touches  
highlight the display area  
for my handcrafted jewelry.

Stop in to see what lies behind  
the big purple doors!

Take  
your chance at  
a shooting  
silver  
star
